

HDB SALES LAUNCH AUGUST 2016

BUANGKOK
WOODS

A Relaxing Abode

Bounded by Buangkok Drive Extension, Buangkok Link, and Buangkok Crescent, Buangkok Woods comprises 5 residential blocks offering a total of 711 units of 2-room Flexi, 3-, and 4-room flats.

The name 'Buangkok Woods' reflects the development's 'kampung' design, with its earthy tones that create a timber look. The interlinked green spaces in the development create a seamless connection with the nearby park, where residents can seek respite from the hustle and bustle of daily life.

Please refer to the site plan to find out more about the facilities in Buangkok Woods. As this is a public housing development, facilities in this project will be opened to the public.

Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents' committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
